

ROSA

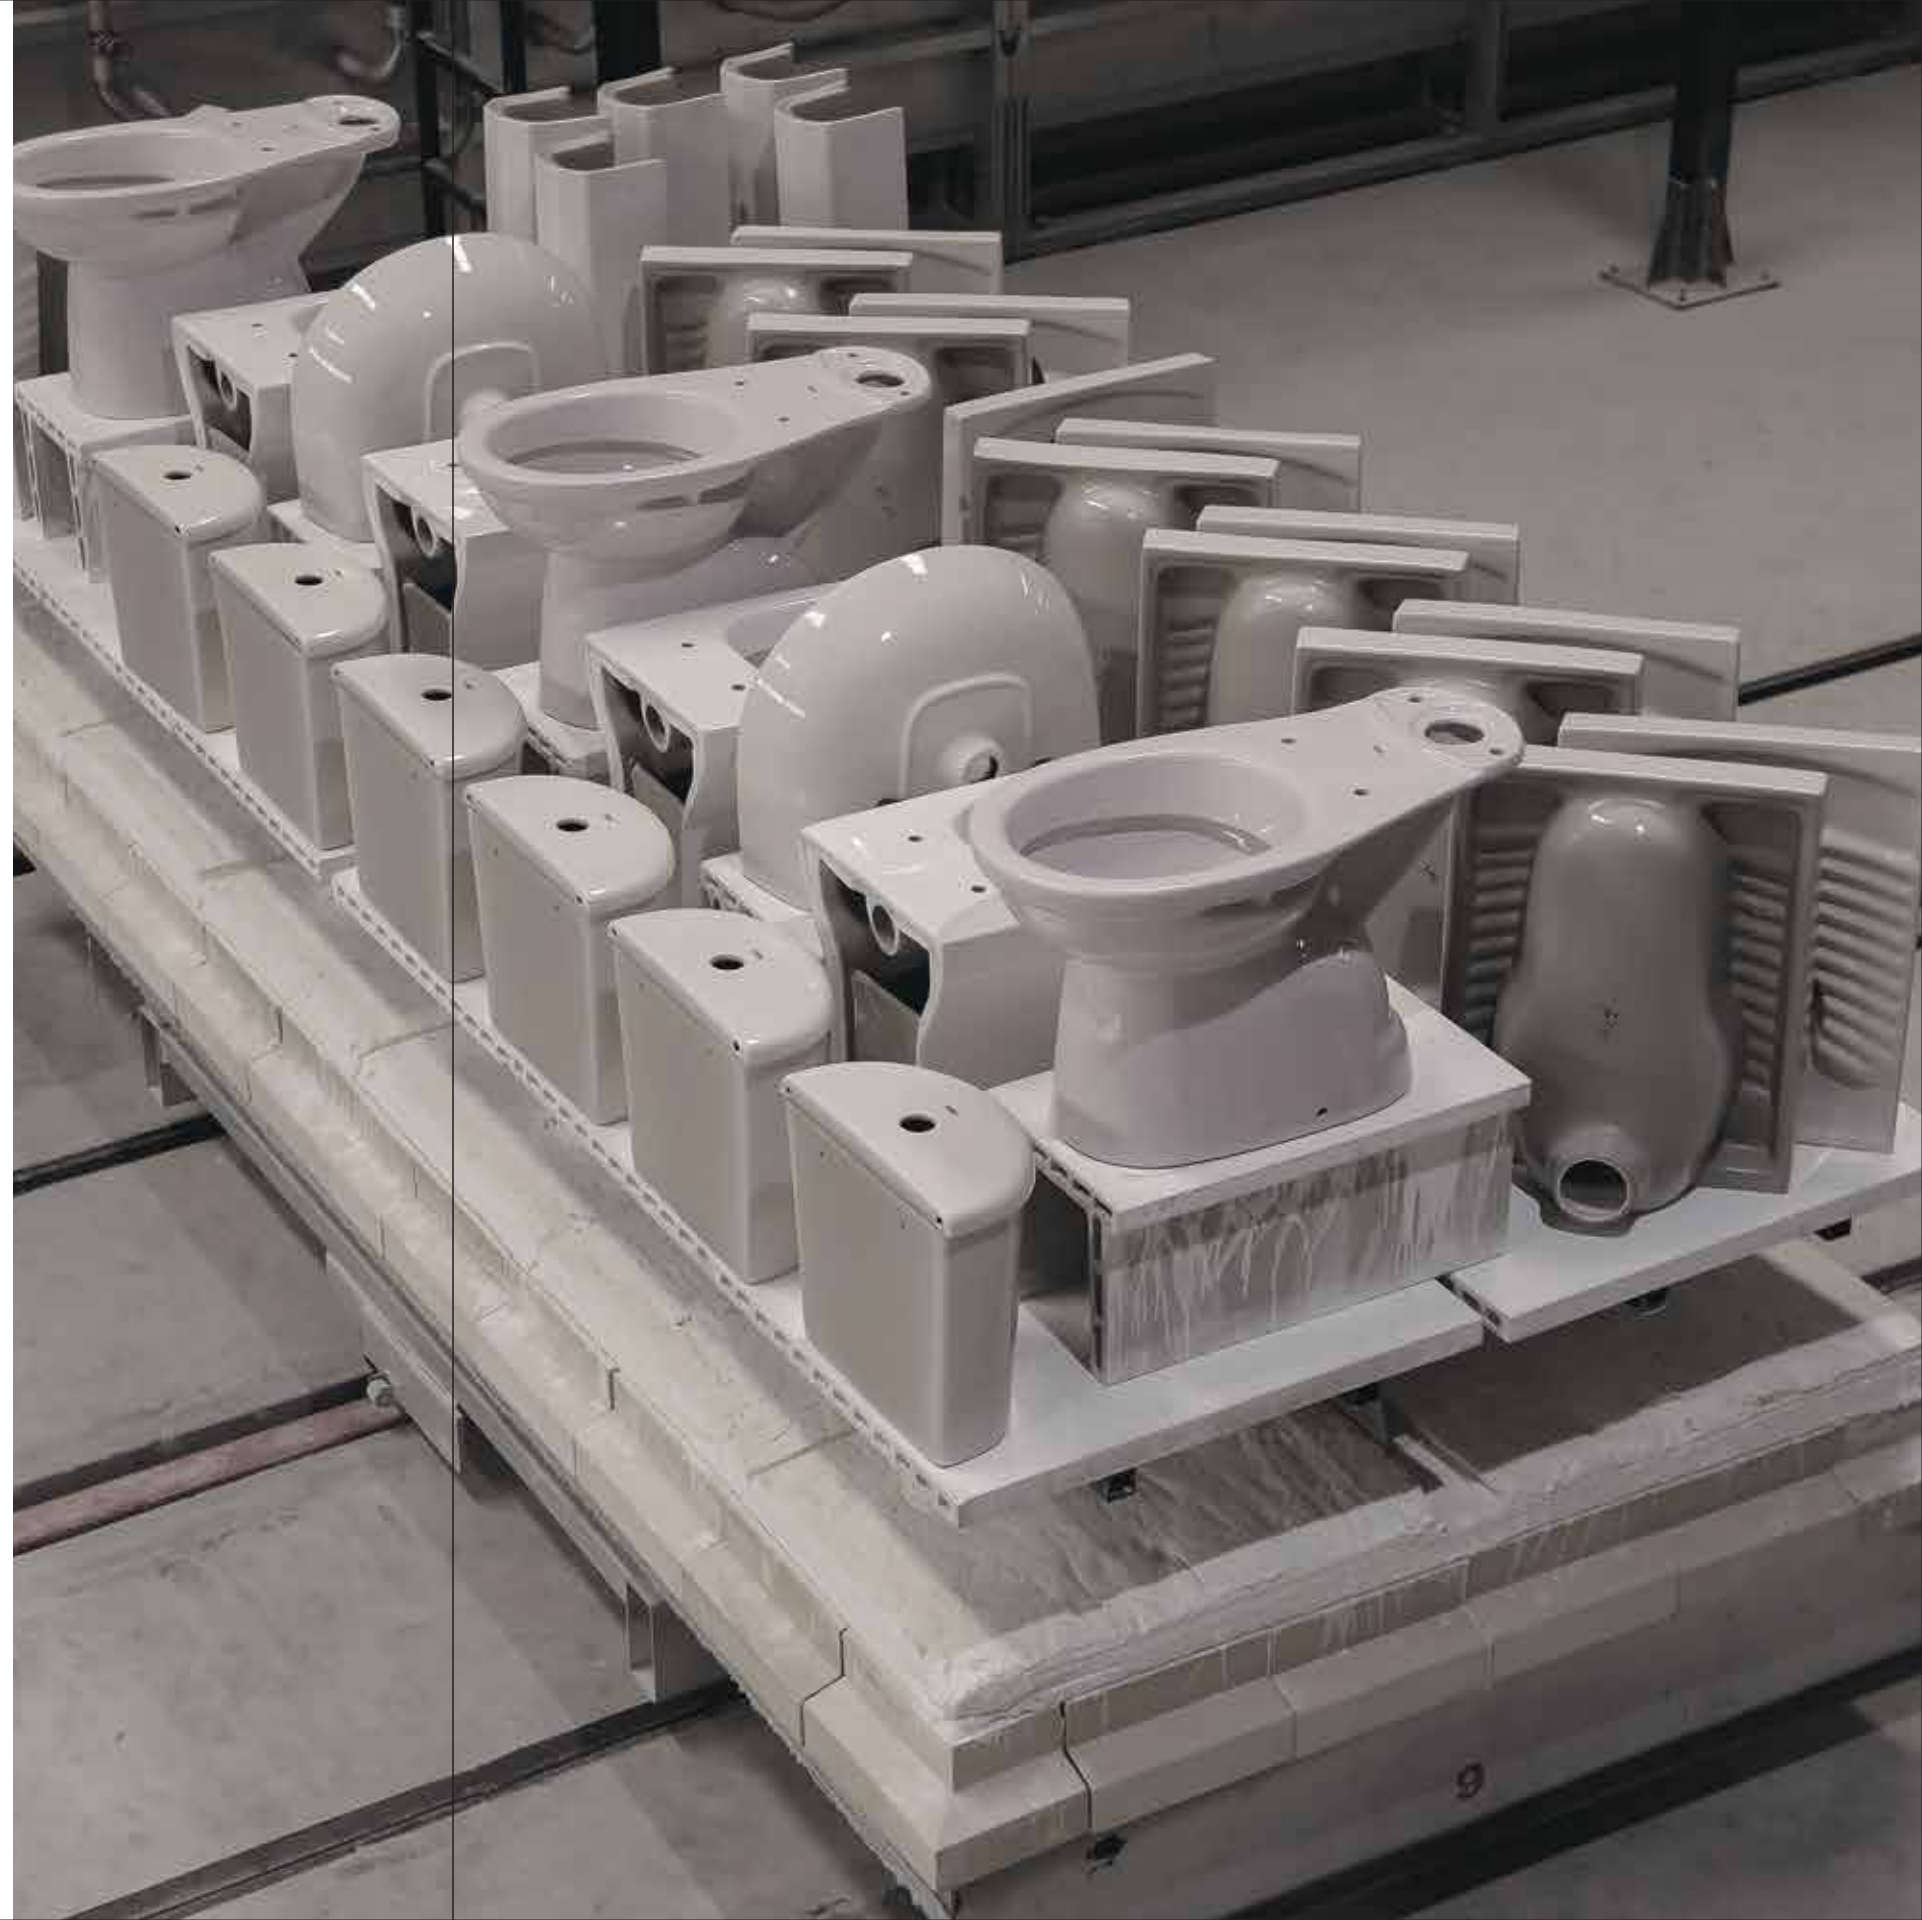

company overview

Since the beginning of Akij Ceramic's journey in 2012, rather than just producing ceramic tiles, we have been putting relentless effort to implement aesthetic enrichment in our consumers' lifestyle accompanied by a philosophy of pursuing perfection. Our state-of-the-art technology combined with experienced and efficient workforce have brought beautifully crafted ceramic tiles and ceramic sanitaryware to existence. Since our emergence as a prominent ceramic manufacturer of our country, we have been empowering our consumers not only with best designs and shapes, but also with impeccable quality and durability.

Through hard work and dedication, Akij Ceramics has achieved a leading position in the ceramics industry in a very short time. Among our diverse range of ceramic products, Rosa – an excellent collection of innovative sanitaryware has received much appreciation recently.

Coalescing imagination and innovation, Rosa has transformed ceramics into aesthetic pieces of sanitaryware. With trendy and original world class designs, Rosa Sanitaryware are not only visually pleasing but also comfortable and convenient. With advanced modern technology and top quality materials, Rosa brings you an astounding collection of wash basins and water closets which will heighten the persona of your living areas.

With the promise of perfection regarding quality, design and long lasting glaze; Rosa is the ideal innovative sanitaryware solution to add a hint of modern lifestyle to your surroundings.

manufacturing excellence

Equipped with top-notch machineries and technology, Akij Ceramics has one of the strongest ceramic production plants in Bangladesh. Our imported best quality clay, feldspar and quartz from world-famous sources and our world class production unit enable us to ensure nothing less than perfect reaches our customers. We have brought in a gigantic furnace from Riedhammer, which is the world's leading kiln plant manufacturer. As ceramic sanitaryware require intricacy and precision, we have put robotic hands into action. Fully automated polishing and painting mechanism blesses each and every piece of our Rosa Sanitaryware with magnificent outlook and excellent surface finish.

going global

With excellent elements and features, Rosa has gained tremendous popularity in our country. Now, it is being exported to Europe and the Middle East, especially to the UK and UAE.
